

TABLE OF CONTENTS

Foreword

Preface

Part I: General Oncology

1.Certain Terminologies used in Relation with Neoplasm

2.Nomenclature and Classification of Tumours

3.Etiology of Neoplasms Intrinsic and Extrinsic Factors

4.Radiation Induced Carcinogenesis

5.Chemical Carcinogenesis

6.Parasitic Carcinogenesis

7.Bacterial Carcinogenesis

8.Viral Carcinogenesis

9.Tumour Diagnosis

10.Biology of Tumour Growth

11.Tumour Spread

12.Tumour Immunity

13.Tumour Effects

14.Paraneoplastic Syndrome

Part II: Special Oncology (Specific Neoplasms)

1.Connective Tissue (Mesenchymal) Tumours: Fibroma and Fibrosarcoma

2.Lipoma and Liposarcoma

3.Myxoma and Myxosarcoma

4.Chondroma and Chondrosarcoma

5.Osteoma and Osteosarcoma

6. Leiomyoma and Leiomyosarcoma
7. Rhabdomyoma and Rhabdomyosarcoma
8. gingivitis (Gingival Enlargement)
9. Angioma and Angiosarcoma (Tumours of Blood and Lymph Vessels)
10. Round Cell Tumours
11. Mesothelioma
12. epithelial Tumours
13. Squamous Cell Carcinoma
14. Basal Cell Tumour (Basal Cell Carcinoma)
15. Hair Follicle Tumour
16. Sebaceous Gland Tumours
17. Sweat Gland Tumour
18. Adenoma of Gland
19. Adenocarcinoma
20. Salivary Gland Tumour
21. Nasal Tumours
22. Urinary Bladder Tumour
23. Perianal Gland Tumour (Circumanal Gland Tumour, Hepatoid Gland Tumour)
24. Melanocytoma and Malignant Melanoma
25. Ceruminous Gland Tumours
26. Mammary Tumour
27. Liver Tumours
28. Lung Tumours
29. Thyroid, Parathyroid and Pancreatic Tumours
30. Adrenal Gland Tumours

31.Ameloblastoma (Adamantinoma)

32.Kidney Tumours

33.Tumours of Nervous System

34.Tumours of Female Reproductive System

35.Tumours of Male Reproductive System
