

TABLE OF CONTENTS – Aspinall's Complete Textbook of Veterinary Nursing, 3rd Edition

- Title Page
- Table of Contents
- Copyright
- Foreword
- Contributors
- Preface
- Acknowledgements

- **1 Ethics and Animal Welfare**
 - What are ethics and morality?
 - Ethical conflicts
 - Bibliography
 - Recommended reading

- **2 Customer Care and Communication**
 - Introduction
 - Customer experience is the key to business success
 - Communication first requires understanding
 - Who is the 'average' pet owner?
 - The veterinary business model – five key steps to continued success
 - Common sense and consistency
 - Reference
 - Recommended reading

- **3 Consulting Skills and Clinics**
 - Introduction
 - The changing role of the RVN
 - Compliance
 - Setting up nurse clinics
 - Consultation training
 - Professional accountability
 - Life-stage clinics
 - Wellness clinics
 - Medical clinics
 - Arthritis (mobility) clinics
 - Dentistry clinics
 - Cardiac clinics
 - Obesity clinics
 - Renal clinics
 - Feline urinary clinics
 - Reducing stress in cats
 - Postsurgical clinics
 - Diagnostic clinics

- Bibliography
- **4 Practice and Staff Management**
- Business health – diagnosis and prognosis
- Customer
- Customer Balanced Scorecard Key Performance Indicators
- Staff
- Leadership
- Performance management
- When it goes wrong
- Operational effectiveness
- Finance
- Profit and loss
- In conclusion
- Bibliography
- **5 Legislation and the Veterinary Nurse**
- An introduction to legislation
- The Royal Charter
- Veterinary Surgeons Act 1966
- Occupational health
- Health and Safety at Work Act 1974
- Management of Health and Safety at Work Regulations 1999
- Health and Safety at Work Regulations 1992
- Control of Substances Hazardous to Health Regulations 2002
- Hazardous Waste (England and Wales) Regulations (HWR) 2005
- Manual Handling Regulations 1992
- The Health and Safety (First Aid) Regulations 1981
- Reporting of Injuries, Diseases and Dangerous Occurrence Regulations 1995 (RIDDOR)
- Health and Safety Display Screen Equipment Regulations 1992
- Noise at Work Regulations 1989
- The Working Time Regulations 1998
- Electricity at Work Regulations 1989
- The Regulatory Reform (Fire Safety) Order 2005
- Ionizing Radiation Regulations 1999
- Animal Welfare Act 2006
- Bibliography
- Useful websites
- Recommended reading
- **6 Canine and Feline Anatomy and Physiology**
- Introduction
- Cells and basic tissues
- Locomotor system
- Nervous system
- Special senses
- Endocrine system
- Cardiovascular system
- Respiratory system

- Digestive system
- Urinary system
- Reproductive system
- The oestrous cycle
- Pregnancy
- Parturition
- The integument
- Bibliography
- Recommended reading

- **7 Comparative Anatomy and Physiology of the Exotic Species**
- Introduction
- Small mammals
- Birds
- Reptiles
- Fish
- Bibliography
- Recommended reading

- **8 Equine Anatomy and Physiology**
- Introduction
- The skeletal system
- The muscular system
- The digestive tract
- Bibliography
- Recommended reading

- **9 Canine and Feline Nutrition**
- Introduction
- Essential nutrition
- Food and feeding
- Feeding puppies and kittens
- Feeding during pregnancy and lactation
- Feeding adult dogs and cats
- Feeding senior dogs and cats
- Bibliography
- Recommended reading

- **10 Clinical Nutrition**
- Introduction
- Nutritional assessment
- Nutrigenomics
- Gastrointestinal disease
- Obesity
- Osteoarthritis
- Skin disease
- Diabetes mellitus
- Dental disease
- Cancer
- Chronic renal failure

- Liver disease
- Critical care of the anorexic patient
- Canine urolithiasis
- Feline lower urinary tract disease
- Hyperthyroidism
- Bibliography
- Recommended reading

- **11 Equine Nutrition**
- Introduction
- The digestive system
- Dietary management
- Common foodstuffs
- Nutritional requirements
- Donkeys and exotic equids
- Practical feeding
- Bibliography
- Recommended reading

- **12 Behaviour and Handling of the Dog and Cat**
- Introduction
- Handling dogs and cats
- Evolution of the domestic dog (*Canis familiaris*)
- The evolution of the domestic cat (*Felis catus*)
- Behavioural development
- Behavioural therapy
- Understanding emotions and their role in behaviour problems
- Bibliography
- Recommended reading

- **13 Behaviour and Handling of the Horse**
- Introduction
- Horse-human relationships
- Instinctive behaviour
- Equine intelligence and mental abilities
- How horses learn
- Expressions of the flight response
- Handling problems
- Identification and the use of horse passports
- Transportation of horses
- Recommended reading

- **14 Restraint, Handling and Administration of Medicines to Exotic Species**
- Introduction
- Small mammals
- Birds
- Reptiles
- Administration of medication
- Bibliography

- Recommended reading
- **15 Introduction to Genetics**
 - Introduction
 - Characteristics of mammalian cells
 - Development of modern genetics
 - Abnormalities – Congenital defects
 - Application to practice
 - Examples of screening for specific canine and feline defects
 - Future trends in biotechnology
 - Bibliography
 - Recommended reading
- **16 Practical Animal Breeding**
 - Introduction
 - Breeding pedigree cats
 - Breeding pedigree dogs
 - Bibliography
 - Recommended reading
- **17 The Essentials of Patient Care**
 - Introduction
 - Admission
 - Patient monitoring and observation
 - Oxygen therapy
 - Essential activities
 - Nursing specific types of patient
 - Understanding compassion fatigue – a hidden consequence of patient care?
 - Bibliography
 - Recommended reading
- **18 Physiotherapy Techniques**
 - Introduction
 - Indications for physiotherapy
 - Aim of physiotherapy
 - Physiotherapy in small animal practice
 - The team approach
 - The effects of immobilisation and disuse on musculoskeletal tissues
 - Physiotherapy treatments
 - Therapeutic exercises
 - Bibliography
- **19 Fundamental Pharmacology**
 - Introduction
 - Pharmacokinetics
 - Pharmacodynamics
 - Drug interactions and adverse reactions
 - Toxicology
 - Drug formulations, names and commonly used drugs for specific conditions
 - Licensing, prescribing and dispensing medication

- Pharmacy management
- Client compliance
- References
- Bibliography
- Recommended reading
- Useful resources

- **20 Emergency and Intensive Critical Care**
- Introduction
- Telephone triage
- Prep/treatment area
- Patient assessment and management
- Monitoring of the emergency patient
- Oxygen therapy
- Electrolyte imbalances
- Trauma
- Acute abdomen
- Reproductive emergencies
- Paediatric patients
- Toxicities
- Wounds
- Burns
- Snakebites
- Firearm injuries
- Treatment of wounds
- Fractures
- First aid for injuries to the sensory organs
- Seizures
- Cardiopulmonary resuscitation – CPR
- Bibliography
- Recommended reading

- **21 Prevention of the Spread of Infectious Diseases**
- Introduction
- Spread of infectious diseases
- Zoonoses
- Infectious diseases
- Immunity
- Vaccination
- Bibliography
- Recommended reading

- **22 Common Medical Conditions of the Body Systems**
- Introduction
- Respiratory system
- Urinary system
- Cardiovascular system
- Haemopoietic system
- Nervous system
- Endocrine system

- Digestive system
- Reproductive system
- Neoplasia
- Bibliography
- Recommended reading

- **23 Principles of Surgical Nursing**
- Wounds and wound management
- Surgical conditions
- Surgical procedures by region of the body
- Nursing the surgical patient
- Bibliography
- Recommended reading

- **24 Theatre Practice**
- Introduction
- The surgical unit
- Theatre maintenance
- Preparation for surgery
- Role of the theatre nurse
- Health and safety within the theatre
- Instrumentation
- Sutures
- Patient care
- Asepsis and sterilisation
- Bibliography
- Recommended reading

- **25 Fluid Therapy and Nutritional Support**
- Introduction
- Shock
- Fluid therapy
- Nutritional support
- References
- Further reading

- **26 Dentistry**
- Introduction
- General Considerations
- Instrumentation and equipment for primary care dentistry
- Anaesthesia for dental procedures
- Oral examination and recording
- Periodontal therapy
- References
- Recommended reading

- **27 Principles of Anaesthesia and Analgesia**
- Introduction
- Anaesthesia
- Pain assessment, patient comfort and analgesia

- References
- Further reading

- **28 Equine Anaesthesia**
- Introduction
- Preoperative care
- Premedication
- Analgesia
- General anaesthesia
- Monitoring anaesthesia
- Recovery from anaesthesia
- Complications and emergencies
- Local anaesthesia
- Humane destruction of Equidae
- Bibliography
- Recommended reading

- **29 Parasitology**
- Definitions
- Ectoparasites
- Nematode-related dermatitis
- Endoparasites
- Bibliography
- Useful websites
- Recommended reading
-
- **30 Microbiology**
- Introduction
- Bacteria
- Virus
- Common disease terminology
- Bibliography
- Recommended reading

- **31 Laboratory Diagnostic Aids**
- Introduction
- Health and safety in the laboratory
- Disposal of laboratory waste
- Routine laboratory equipment
- Recording sample details and test reports
- Blood
- Blood Gas Analysis
- Urine
- Skin and hair
- Body tissues and fluids
- Normal equine physiological values
- Bibliography
- Recommended reading

- **32 Principles of Diagnostic Imaging**

- Introduction
- Principles of radiography
- Effects of radiation
- Recording the image
- Film processing
- Radiographic quality and image interpretation
- Positioning
- Contrast radiography
- Alternative imaging techniques
- Bibliography
- Recommended reading

-

- **33 Management and Care of Exotic Species**

- Introduction
- Animal husbandry
- Welfare of captive exotic animals
- Bibliography
- Websites used
- Useful websites
- Recommended reading

- **34 Management and Care of Injured Wildlife**

- Introduction
- Wild mammals
- Reptiles and amphibians
- Birds
- Euthanasia
- The positive aspect of wildlife care
- Relevant legislation
- Bibliography
- Recommended reading

- **35 Animal Housing**

- Introduction
- Construction of animal housing
- Kennel services
- Methods of infection control
- Disposal of waste
- Bibliography
- Recommended reading

- **36 Stable Design and Management**

- Introduction
- Stable design
- The foaling box
- Quarantine and isolation
- Methods of infection control
- Bibliography
- Recommended reading

- **37 Animal Grooming**
- Introduction
- Dogs and cats
- The horse
- Bibliography
- Recommended reading

- **Appendix 1 Normal Values(from various sources)**
- Dog, cat and horse
- Small mammals

- **Appendix 2 Essential Calculations**
- Useful measurements
- Anaesthetic flow rates
- Fluid therapy flow rates
- Percentage solutions
- Drug dosages
- Calorific requirements
- Radiographic exposures
- Answers to questions
- Index.
