

TABLE OF CONTENTS – Cardiovascular Disease in Companion Animals : Dog, Cat, and Horse, 2nd Edition

Section I: Fundamentals of Clinical Cardiology.

Chapter 1 The Normal Cardiovascular System.

Chapter 2 Cardiovascular Examination.

Chapter 3 Cardiac Radiography.

Chapter 4 Echocardiography.

Chapter 5 Electrocardiography.

Chapter 6 Cardiac Catheterization and Angiocardiology.

Section II: Clinical Manifestations of Cardiovascular Disease.

Chapter 7 Exercise Intolerance.

Chapter 8 Intermittent Collapse and Syncope.

Chapter 9 Cough.

Chapter 10 Respiratory Distress.

Chapter 11 Murmurs and Abnormal Heart Sounds.

Chapter 12 Abnormal Heart Rate or Rhythm. Chapter

13 Abnormal mucous membrane color.

Chapter 14 Arterial Pulse Abnormalities.

Chapter 15 Jugular Venous Distension or Pulsation.

Chapter 16 Abdominal Distension.

Chapter 17 Subcutaneous Edema.

Chapter 18 Cardiomegaly.

Chapter 19 Clinical Laboratory Abnormalities.

Section III: Heart Failure.

Chapter 20 Heart Failure: Pathophysiology and Patient Assessment.

Chapter 21 Drugs for the Treatment of Heart Failure.

Chapter 22 Management of Heart Failure.

Section IV: Heart Rhythm Disturbances.

Chapter 23 Arrhythmias: Pathophysiology and Clinical Associations.

Chapter 24 Antiarrhythmic Therapies.

Chapter 25 Management of Cardiac Arrhythmias.

Section V: Cardiovascular Diseases.

Chapter 26 Congenital Cardiac Shunts.

Chapter 27 Congenital Valvular Malformations.

Chapter 28 Other Cardiovascular Malformations.

Chapter 29 Degenerative Valvular Disease of the Dog.

Chapter 30 Valvular Heart Disease of the Horse.

Chapter 31 Infective Endocarditis.

Chapter 32 Myocardial Diseases of the Dog.

Chapter 33 Myocardial Diseases of the Cat.

Chapter 34 Myocardial Diseases of the Horse.

Chapter 35 Pericardial Diseases and Cardiac Tumors.

Chapter 36 Thromboembolic Disease.

Chapter 37 Vascular Diseases.

Chapter 38 Systemic Hypertension.

Chapter 39 Pulmonary Hypertension.

Chapter 40 Heartworm Disease.

Summary Formulary.

Index.
