

TABLE OF CONTENTS

Equine Clinical Nutrition, 2nd Edition

Contributors

Preface

Section I The Horse 1

Animal Assessment 3

1 Feeding Horses: Back to Evolution 5

Rebecca L. Remillard

1.1 Introduction 5

1.2 The Evolution of Equus 6

1.2.1 Environmental Changes 6

1.2.2 Musculoskeletal System Changes in Response to Predation on the Open Plains
7

1.2.3 Alimentary System Changes in Response to a Changing Food Supply 8

1.3 Equine Nutrient Requirements vs. Recommendations 10

References 13

2 Nutritional Assessment of the Horse 15

Shannon Pratt Phillips and Meri Stratton- Phelps

2.1 Introduction 15

2.2 Obtaining a History 16

2.3 Physical Examination 16

2.3.1 Determining Body Weight 17

2.3.2 Estimating Body Composition 19

2.3.3 Body Condition Scoring 21

2.4 Changes in Body Weight 22

- 2.4.1 Etiology of Weight Loss 24
- 2.4.2 Weight Gain in Adult Horses 26
- 2.5 Laboratory Tests 26
 - 2.5.1 Weight Loss or Low Body Condition Score 26
 - 2.5.2 Weight Gain or High Body Condition Score 27
 - 2.5.3 Mineral and Vitamin Imbalances 27

References 30

3 The Horse: Host 33

Veronique Julliard, Sarah L. Ralston, and Rebecca L. Remillard

- 3.1 Introduction 33
- 3.2 Oral Cavity 34
- 3.3 Stomach 38
- 3.4 Small Intestine, Pancreas, and Liver 40
- 3.5 Cecum and Large Colon 43
- 3.6 Small Colon, Rectum, and Defecation 46

References 47

4 The Horse: Microbiome 51

Veronique Julliard and J. Scott Weese

- 4.1 Introduction 51
- 4.2 Microbiota in Adult Healthy Horses 52
- 4.3 Microbiota in Healthy Foals and Young Horses 54
- 4.4 The Role of the Microbiota 55
 - 4.4.1 Nourishment 55
 - 4.4.2 Disease 57
- 4.5 Exogenous Impacts on and Manipulation of the Microbiome 58
 - 4.5.1 Diet 58

4.5.2 Probiotics	59
4.5.3 Prebiotics	60
4.5.4 Drugs	60
4.5.5 Other Factors	61
4.5.6 Fecal Microbial Transplantation	61
4.6 Assessment of the Microbiota and Microbiome	61
4.6.1 Sampling Sites and Types	62
4.6.2 Sample Handling	62
4.6.3 Testing Methods	62
4.7 Summary	63
References	63

Section II The Diet 69

Nutrient Metabolism	71
---------------------	----

5 Water 73

Jonathan M. Naylor

5.1 Water as a Nutrient	73
5.2 Body Water Content	74
5.3 Water Requirement	74
5.4 Water Deficiency	76
5.5 Watering Devices	77
5.6 Sources of Water	78
5.7 Water Quality	79
5.8 Water as Habitat for Disease Vectors and Insects	82
References	83

6 Energy 86

Richard Godbee and Robert Coleman

6.1 The Concept of Energy 86

6.2 Dietary Energy 89

6.2.1 Dietary Carbohydrates 89

6.2.2 Dietary Fats 91

6.3 Horse Energy Requirements 93

6.3.1 Cold Weather Care 95

6.3.2 Hot Weather Care 96

References 97

7 Protein 100

Patricia Graham- Thiers

7.1 Function and Composition 100

7.2 Dietary Protein 101

7.2.1 Protein Digestion 101

7.2.2 Protein Quality 102

7.2.3 Ideal Protein 104

7.2.4 Protein Supplements 104

7.2.5 Non- Protein Nitrogen Sources 105

7.2.6 Protein Imbalance 105

7.3 Horse Protein Requirements by Life Stage 106

7.3.1 Maintenance 106

7.3.2 Growth 108

7.3.3 Gestation 108

7.3.4 Lactation 108

7.3.5 Work 109

References 110

8 Minerals 113

Ashley Fowler, Mieke Brummer- Holder, and Laurie A. Lawrence

8.1 Introduction 113

8.2 Macrominerals 114

8.2.1 Calcium 115

8.2.2 Phosphorus 121

8.2.3 Magnesium 122

8.2.4 Sodium, Potassium, and Chlorine 124

8.2.5 Sulfur 126

8.3 Microminerals 127

8.3.1 Selenium 127

8.3.2 Iodine 131

8.3.3 Copper 133

8.3.4 Zinc 135

8.3.5 Iron 136

8.4 Other Minerals of Interest 138

References 140

9 Vitamins 148

Sarah Dodd, Sarah K. Abood, and Jacqueline M. Parr

9.1 Introduction 148

9.1.1 Sources 149

9.1.2 Requirements 149

9.1.3 Deficiencies and Toxicities 151

9.1.4 Summary 153

9.2 Fat- Soluble Vitamins 154

9.2.1 Vitamin A	154
9.2.2 Vitamin d	157
9.2.3 Vitamin E	159
9.2.4 Vitamin K	161
9.3 Water- Soluble Vitamins	163
9.3.1 Thiamine (B ₁)	163
9.3.2 Riboflavin (B ₂)	164
9.3.3 Niacin (B ₃)	165
9.3.4 Pantothenic Acid (B ₅) and Pyridoxine (B ₆)	165
9.3.5 Biotin (B ₇)	166
9.3.6 Folate (B ₉)	167
9.3.7 Cobalamin (B ₁₂)	168
9.3.8 Vitamin c	168
References	169
Ration Assessment	175

10 Ration Assessment and Farm Investigations 177

Rebecca L. Remillard and Sarah L. Ralston

10.1 Introduction	177
10.2 Farm Investigation	177
10.2.1 Animal Assessment	178
10.2.2 Ration Assessment	178
10.2.3 Water	182
10.2.4 Feeding Management Assessment	182
10.3 Ration Analysis	182
10.4 Ration Formulation	186
10.5 Reassessment	187

References 188

11 Forages 190

Bridgett McIntosh

11.1 Introduction 190

11.2 Importance of Forages 190

11.3 Hay 192

11.3.1 Types of Hay 192

11.3.2 Forms of Hay 193

11.3.3 Hay Cuttings 195

11.3.4 Hay Grades and Relative Feed Value 195

11.3.5 Feeding Management of Hay 196

11.4 Pasture 200

11.4.1 Soil Testing and Fertility 201

11.4.2 Forage Selection 202

11.4.3 Nutritional Considerations in Pasture Plant Selection 203

11.4.4 Grazing Management 205

References 209

12 Toxic Plants 212

Bryan Stegelmeier and T. Zane Davis

12.1 Introduction 212

12.2 Plants that Damage Dermal and Epithelial Tissues 213

12.2.1 Skin Photosensitization 213

12.2.2 Mechanical Injuries to Facial and Oral Tissues 218

12.2.3 Inflammation of the Hoof Laminae 218

12.3 Plants that Contain Gastrointestinal Toxins 220

12.4 Plants that Contain Hepatotoxins 223

12.5 Plants Containing Neurotoxins 227

12.6 Plants that Contain Muscle Toxins 235

12.7 Plants that are Toxic to the Urogenital System 238

References 241

13 Manufactured Feeds 244

Erin Perry, Kathleen Crandell, Jeanne van der Veen, and Jesse M. Fenton

13.1 Introduction 244

13.2 Manufacturing Processes 244

13.2.1 Ingredients 245

13.2.2 Ingredient Processing 250

13.3 Palatability and Preference 254

13.4 Quality Control Measures 255

13.5 Package and Label 257

13.6 Equine Marketing Concepts 257

13.6.1 Specific Purpose 257

13.6.2 Price and Ingredients 258

13.6.3 Nutrients 258

13.6.4 Features and Benefits 258

13.7 Calculating Cost of Feeding 259

References 260

14 Dietary Supplements 264

Donna M. Raditic

14.1 Introduction 264

14.2 Regulation of Supplements 264

14.3 Marketing of Supplements 265

14.3.1 Animal Food Additive 265

14.3.2 Dosage Forms	266
14.4 Evidence- Based Medicine	267
14.5 Musculoskeletal Diseases	268
14.6 Gastrointestinal Diseases	270
14.7 Behavior	272
14.8 Respiratory Diseases	272
14.9 Metabolic/Endocrine Diseases	273
References	274

15 USA Feed Regulations and Safety 279

David A. Dzanis

15.1 Introduction	279
15.2 USA Regulatory Oversight	280
15.2.1 Food and Drug Administration Authority	280
15.2.2 State Authority	280
15.3 Basic Label Requirements	281
15.4 Labeling Claims	285
15.5 Special Products	287
15.5.1 Supplements	287
15.5.2 Medicated Feeds/Veterinary- Directed Feeds	287
15.6 Feed Safety	290
15.7 Enforcement	291
15.8 Reporting Problems with Horse Feed Products	292
15.9 Summary	293
References	293

Section III Feeding Management 295

Healthy Horses 297

16 Feeding and Drinking Behaviors 299

Katherine A. Houpt and Rebecca L. Remillard

16.1 Introduction 299

16.2 Feeding Behaviors 299

16.2.1 Time Management 300

16.2.2 Pastured Horse Feeding Behaviors 301

16.2.3 Stabled Horse Feeding Behaviors 302

16.2.4 Food and Water Intake 303

16.2.5 Pica 303

16.3 Drinking Behavior 303

References 304

17 Feeding Adult and Senior Horses 307

Géraldine Blanchard and Nettie R. Liburt

17.1 Introduction 307

17.2 Animal Assessment 308

17.3 Ration Assessment 312

17.4 Feeding Management 317

17.4.1 Maintenance of Weight and Condition 318

17.4.1.1 Bcs >6/ 9 318

17.4.1.2 Bcs <4/ 9 319

References 320

18 Feeding Athletes and Working Horses 323

Shannon Pratt- Phillips and Jenna Kutzner Mulligan

18.1 Introduction 323

18.2 Animal Assessment 324

18.3 Ration Assessment	329
18.4 Feeding Management	333
18.4.1 Growing Athlete	335
18.4.2 Mature Athlete	335
18.4.3 Feeding Management Based on Workload	336
18.4.4 Feed and Water During Transport	338
18.4.5 Feeding Management for Specific Conditions	340
References	347

19 Feeding Stallions 354

Stewart K. Morgan and Megan Shepherd

19.1 Introduction	354
19.2 Animal Assessment	354
19.3 Ration Assessment	356
19.4 Feeding Management	359
References	361

20 Feeding Broodmares 364

Stewart K. Morgan and Megan Shepherd

20.1 Introduction	364
20.2 Animal Assessment	365
20.3 Ration Assessment	368
20.4 Feeding Management	372
20.4.1 Gestation	373
20.4.2 Lactation	374
20.4.3 BCS for Reproductive Efficiency	374
References	376

21 Feeding Growing Horses 381

Stewart K. Morgan and Megan Shepherd

21.1 Introduction 381

21.2 Animal Assessment 381

21.3 Ration Assessment 383

21.4 Feeding Management 388

21.4.1 Neonate 388

21.4.2 Suckling Foal 389

21.4.3 Weanling 391

21.4.4 Yearling 392

21.4.5 Two- to Five- Year- Olds 392

References 393

Clinical Nutrition 399

22 Pain and Discomfort Behaviors 401

Katherine A. Houpt

22.1 Introduction 401

22.2 Assessments of Discomfort, Pain, Depression, and Distress 401

22.2.1 Physical Assessments 401

22.2.2 Behavioral Assessments 402

22.3 Freedom from Thirst, Hunger, and Malnutrition 403

22.4 Freedom from Thermal and Physical Discomfort 405

22.5 Freedom from Pain, Injury, and Disease 405

22.6 Freedom from Fear and Distress 407

22.7 Freedom to Express Normal Behaviors 409

References 409

23 Weight Management 411

Shannon P. Phillips and Rebecca L. Remillard

23.1 The Healthy Weight as a Concept 411

23.2 Feeding for Weight Loss 414

23.2.1 Animal Assessment 414

23.2.2 Ration Assessment 416

23.2.3 Feeding Management 417

23.3 Feeding for Weight Gain 421

23.3.1 Animal Assessment 421

23.3.2 Ration Assessment 422

23.3.3 Feeding Management 423

References 425

24 Refeeding and Assisted Feeding of Horses 429

Meri Stratton- Phelps and Rebecca L. Remillard

24.1 Introduction 429

24.2 Feed Reintroduction to Chronically Starved Horses 432

24.2.1 Animal Assessment 432

24.2.2 Ration Assessment 434

24.2.3 Feeding Management 436

24.3 Assisted Feeding 438

24.3.1 Animal Assessment 438

24.3.2 Ration Assessment 439

24.3.3 Feeding Management 443

24.3.3.1 Adult Horses 443

24.3.3.2 Foals 448

References 452

25 Musculoskeletal System Disorders 455

Sarah Dodd and Géraldine Blanchard

25.1 Muscle Disorders 455

25.1.1 Animal Assessment 455

25.1.2 Ration Assessment 457

25.1.3 Feeding Management 457

25.2 Developmental Orthopedic Disease 457

25.2.1 Animal Assessment 458

25.2.2 Ration Assessment 458

25.2.3 Feeding Management 460

25.2.4 Summary 461

25.3 Osteoarthritis 461

25.3.1 Animal Assessment 461

25.3.2 Ration Assessment 461

25.3.3 Feeding Management 462

25.4 Laminitis 462

25.4.1 Animal Assessment 462

25.4.2 Ration Assessment 462

25.4.3 Feeding Management 463
