

TABLE OF CONTENTS – Equine Neck and Back Pathology : Diagnosis and Treatment, 2nd Edition

List of Contributors

1 The Normal Anatomy of the Neck 1

David Bainbridge

2 The Normal Anatomy of the Osseous and Soft Tissue Structures of the Back and Pelvis 9

Leo B. Jeffcott, Jessica A. Kidd and David Bainbridge

2.1 Normal Anatomy of the Osseous Structures 9

2.2 Normal Anatomy of the Soft Tissue Structures of the Back 21

2.3 Normal Anatomy of the Soft Tissue Structures of the Pelvis 30

3 The Normal Anatomy of the Nervous System 39

Constanze Fintl

4 Kinematics 49

Rene van Weeren

5 Neurological Examination of the Back and Pelvis 73

Constanze Fintl

6 Clinical Examination 81

Graham A. Munroe

7 Radiography of the Cervical Spine 95

Marianna Biggi, Gabriel Manso-Díaz and Renate Weller

8 Radiography of the Back 107

Frances M.D. Henson

9 Nuclear Scintigraphy and Computed Tomography of the Neck, Back and Pelvis 121

Sarah Powell

10 Ultrasonography 143

Mary Beth Whitcomb, Luis P. Lamas and Marcus Head

10.1 Ultrasonography of the Thoracic Spine 143

10.2 Ultrasonography of the Pelvis, Lumbar Spine and Sacroiliac Region 149

11 Thermography 165

Tracy Turner

12 Neck Pathology 175

Richard Hepburn

13 Back Pathology 195

Adam Driver, Frances M.D. Henson, Jessica A. Kidd, Luis P. Lamas and Rob Pilsworth

13.1 Traumatic damage 195

13.2 Over Riding Dorsal Spinous Processes ('Kissing Spines') 208

13.3 Miscellaneous Osseous Pathology 216

13.4 Pathology of the Supraspinous and Dorsal Sacroiliac Ligaments 224

14 Sacroiliac Dysfunction 239

Leo B. Jeffcott

15 Muscular Disorders 249

Richard J. Piercy and Renate Weller

16 Integrative and Physical Therapies 265

Joyce Harman and Mimi Porter

16.1 Integrative Therapies 265

16.2 Physical Therapies 278

17 Rehabilitation 283

Mary Bromiley
