

Table of contents

Preface

Acknowledgements

Scientific Names Used in Text

SECTION I: Mammal

1. Blood and Bone Marrow Sample Collection and Preparation in Small Mammals
2. Hematologic Techniques for Quantitative Assessment in Mammals
3. Evaluation and Interpretation of the Peripheral Blood of Mammals
4. Evaluation of Mammalian Bone Marrow
5. Mammalian Hematology Clinical Case Presentations
6. Sample Collection for Mammalian Cytodiagnosis
7. Mammalian Cytodiagnosis
8. Mammalian Cytology Clinical Case Presentations

SECTION II: Avian

9. Blood and Bone Marrow Sample Collection and Preparation in Birds
10. Hematologic Techniques for Quantitative Assessment in Birds
11. Evaluation and Interpretation of Peripheral Blood of Birds
12. Evaluation of Avian Bone Marrow
13. Avian Hematology Clinical Case Presentation
14. Sample Collection for Avian Cytodiagnosis
15. Avian Cytodiagnosis
16. Avian Cytology Clinical Case Presentation

SECTION III: Herptile

17. Blood and Bone Marrow Sample Collection and Preparation in Reptiles and Amphibians
18. Hematologic Techniques for Quantitative Assessment in Reptiles and Amphibians

19. Evaluation and Interpretation of the Peripheral Blood and Bone Marrow of Reptiles
20. Evaluation and Interpretation of the Peripheral Blood and Bone Marrow of Amphibians
21. Herptile Hematology Clinical Case Presentations
22. Sample Collection for Herptile Cytodiagnosis
23. Herptile Cytodiagnosis
24. Herptile Cytology Clinical Case Presentation

SECTION IV: Fish

25. Blood Sample Collection and Preparation in Fish
26. Hematologic Techniques for Quantitative Assessment in Fish
27. Evaluation and Interpretation of the Peripheral Blood of Fish
28. Piscine Hematopoiesis
29. Fish Hematology Clinical Case Presentations
30. Sample Collection for Wet Mounts and Cytodiagnosis in Fish
31. Wet Mount Microscopy in Fish
32. Wet Mount Microscopy in Fish Clinical Case Presentations
33. Piscine Cytodiagnosis
34. Piscine Cytology and Clinical Chemistry: Clinical Case Presentations
Case 1: Shark with Cutaneous Nodules

Appendices

- A. Stains and Solutions Use in Hematology and Cytology
- B. Hematologic Values
- C. Hemic Cell Plates
- D. Common Artifacts Found in Blood Films and Cytologic Samples

Index
