

TABLE OF CONTENTS

Fish Vaccines : Health Management for Sustainable Aquaculture

Section I: Vaccines in Aquaculture: A Preface

1. Understanding Vaccine Development in Aquaculture

Nayomi John, Anu Joseph, Aparna Sasi, Bismi Mujeeb, Joyal Elisabeth Baiju, Eleeswa Celin Syrus, and Nivya Mariam Paul

2. Antigens and Immune Responses in Fishes: An Overview

Nivya Mariam Paul, Aruna Babu, Amrutha Rajesh, Neema, Alanta Maria Binu, Anu Jose, Aneena Mariya Abraham, and Nayomi John

3. Aquaculture: Facing an Array of Pathogens

Wanna Sirimanapong, Prawporn Thaijongrak, Chiranan Sudpraseart, and Boonsirm Withyachumnarnkul

Section II: Vaccination in Fishes: Types and Methods

4. Concepts and Types of Vaccines

Subramaniam Sivakumar, Panneerselvam Punniyakotti, Kuppuswamy Kavitha, and Panneerselvam Saravanan

5. Antigen Discovery

Nhat HM Truong, Nam Tri Vo, Phuong Hong Vo, and Hoang Duc Nguyen

6. Novel Advancements in Vaccine Delivery and Methods of Vaccination: Experimental Strategies

Abdullah Bin Abdul Nazar, Muhammed Salih Salim, Aswathi Ashok, Anuj Sharma, Sanchu Prakash, Malavika Biju Reni, Meril Mary Mathew, Muzammil Siddiqui, Subramaniam Sivakumar, Sreeja Lakshmi, and Preetham Elumalai

Section III: Adjuvants in Vaccination: An Underpinning

7. Role of Adjuvants in Vaccination Studies

Md Yasin Ina-Salwany, Tilusha Manchanayake, Aslah Mohamad, Md. Shirajum Monir, Mohammad Noor Azmai Amal, Salleh Annas, and Mohd Zamri-Saad

8. Development of Mucosal Adjuvants for Fish Vaccination

Ina Salwany Md Yasin, Aslah Mohamad, Mohammad Noor Amal Azmai, Annas Salleh, and Mohd Zamri Saad

Section IV: Technological Advancements and Efficacy of Fish Vaccination

9. Biotechnological Approaches to Vaccines

Thavasimuthu Citarasu, Ganapathi Uma, Ramamoorthy Sathish Kumar, Sugumar Vimal, and Mariavincent Michael Babu

10. Safety and Efficacy of Vaccines in Aquaculture

Eakapol Wangkahart, Po-Tsang Lee, Chou-Min Chong, and Fernando Yamamoto

11. Mass Vaccination in Aquaculture: Possibilities and Limitations

Hethesh Chellapandian, Sivakamavalli Jeyachandran, Joseph Selvin, Kiyun Park, and Ihn-sil Kwak

Section V: Vaccines in Aquaculture: Challenges and Perspectives

12. Fish Vaccination: How Close Are the Fish Farmers?

Saurabh Dubey, Kizito K. Mugimba, Jitendra Kumar, and Hetron M. Munang'andu

13. Development of Fish Vaccines: Challenges and Future Perspectives

A. P. Desbois and S. J. Monaghan

14. Fish Vaccine: From Field to Development

R. Cascione, Adrian Astier, Philippe Mahl, and Øystein Evensen.
