Anatomical Terms .....	xvii
Introduction .....	xix

## Part I: Preparation

<b>1. Palpation Skills.....</b>	<b>2</b>
Touch	2
<i>The Four T's</i>	3
<i>Pressure, Contact, and Rhythm</i>	5
Attitude	7
Observation	7
Recognizing Signs of Inflammation	8
Summary	9
<b>2. Massage Awareness for Your Palpation Evaluation .....</b>	<b>10</b>
Massage Movements	10
<i>Stroking</i>	10
<i>Effleurage</i>	11
<i>Wringing Up</i>	12
<i>Kneading</i>	13
<i>Skin Rolling</i>	14
<i>Friction</i>	15
The SEW/WES Approach	17
Summary	18
<b>3. The Relaxation Massage Routine.....</b>	<b>19</b>
Relaxation Massage Routine	21
<i>Poll Work</i>	21
<i>Back Work</i>	21
<i>Sacrum Work</i>	22
<i>Tail Work</i>	22
Summary	23

<b>4. Stretching.....</b>	<b>25</b>
How to Stretch	25
<i>The Easy Stretch</i>	26
<i>The Deeper Stretch</i>	26
<i>The Spontaneous Stretch</i>	26
<i>The Foreleg Stretches</i>	26
<i>The Shoulder Rotation</i>	29
<i>The Hind Leg Stretches</i>	29
<i>The Back Muscles Stretches</i>	33
<i>The Tail Stretch</i>	35
<i>Neck Stretches</i>	36
Summary	40
<b>5. Anatomical Review .....</b>	<b>41</b>
Dentition	42
The Skeleton	43
<i>The Axial Skeleton</i>	46
<i>The Appendicular Skeleton</i>	47
<i>Spinal Subluxation</i>	47
Ligaments and Joints of the Horse	48
The Equine Muscular System	51
<i>Muscles</i>	51
<i>Tendons</i>	52
Trigger Points	56
Stress Points	57
Summary	58
<b>6. Conformation and Stances Evaluation .....</b>	<b>62</b>
Conformation	62
<i>Front-Leg Conformation</i>	63
<i>Hind-Leg Conformation</i>	66
Horse Stances	68
Weight Distribution Evaluation	72
Summary	73
<b>Part II: The Riding Evaluation Program (REP)</b>	
The Arena	75
The Normal Gait	75
Praising	76
New Horse	76
The Horse's Demeanor	76
Relaxing Your Horse	77
Proper Tack	77
Self-Scrutiny	77

<b>7. The REP Starting Point .....</b>	<b>78</b>
Contact	78
Being Square	79
Stepping Backward	80
Impulsion	81
Rhythm	82
<i>Is Your Horse “Jigging” at Walk?</i>	83
Inside–Outside	83
Straightness	84
<i>Straightness in Turns</i>	84
Collection	85
Stretching the Neck During the REP	85
<b>8. Signs of Problems with Your Horse .....</b>	<b>86</b>
Back Problems	86
Difficulty in Engaging the Hindquarters	87
Head Tossing	87
Neck Problems	88
Refusal to Pick up a Canter	88
Taking the Bit	88
<b>9. The Riding Evaluation Program (REP) Exercises.....</b>	<b>89</b>
Exercise 1: Straight Lines	90
Exercise 2: Half Circles and Figure–8s	90
Exercise 3: Serpentine	92
Exercise 4: Lateral Work with Leg Yield	93
Exercise 5: Lateral Work with Shoulder-in	95
<b>10. The Walk.....</b>	<b>96</b>
The Natural Walk	96
Reading Your Tracks	99
Curve	100
Walk Variations	102
<i>The Medium Walk</i>	102
<i>The Collected Walk</i>	103
<i>The Extended Walk</i>	103
The Walk Leg Yield Exercise	104
The Shoulder-in Exercise	105
Transitions	106
<i>Walk-Halt Transition</i>	106
<i>Walk-Trot Transition</i>	107
<i>Walk-Canter Transition</i>	107

<b>11. The Trot .....</b>	<b>108</b>
The Natural Trot	108
<i>The Rising Trot</i>	108
<i>The Sitting Trot</i>	111
Trot Variations	112
<i>The Lengthened Trot</i>	112
<i>The Collected Trot</i>	113
<i>The Medium Trot</i>	114
<i>The Extended Trot</i>	114
The Trot Leg Yield Exercise	115
<i>The Trot Shoulder-in Exercise</i>	116
Trot Transitions	116
<i>Trot-Walk Transition</i>	117
<i>Trot-Halt Transition</i>	117
<i>Trot-Canter Transition</i>	117
<b>12. The Canter .....</b>	<b>119</b>
The Natural Canter	119
Canter Variations	121
<i>The Working Canter</i>	121
<i>The Lengthened Canter</i>	122
<i>The Collected Canter</i>	123
<i>The Medium Canter</i>	123
<i>The Extended Canter</i>	124
Canter Transitions	125
<i>The Canter-Trot Transition</i>	125
<i>Canter-Walk Transition</i>	126
<i>Canter-Halt Transition</i>	126
<b>13. More Advanced Riding and Jumping .....</b>	<b>127</b>
The Haunches-in (Travers) Exercise	127
The Haunches-out (Renvers) Exercise	128
The Turning on the Forehand Exercise	129
The Turning on the Haunches Exercise	129
Cavallettis and Jumps	131
<i>Cavallettis</i>	131
<b>14. The REP Routine .....</b>	<b>136</b>
First Part: The Walk	136
Second Part: The Trot	137
Third Part: The Canter	138
Fourth Part: Advanced Riding and Jumping	138
Conclusion	138

### Part III: The Palpation Evaluation Program (PEP)

<b>15. The 25-Point Program.....</b>	<b>142</b>
Early Practice	144
Recommendations about the PEP	144
<i>Patience</i>	144
<i>Praising</i>	144
<i>Treats</i>	145
<i>Choosing a Location</i>	145
<i>Positioning the Horse</i>	145
<i>The Horse's Feedback</i>	146
<i>Touch-Shyness</i>	147
<i>PEP Application: Before or after Exercising?</i>	148
<i>Time Factor</i>	148
Contraindications	150
<b>16. The Head and Neck: Points 1 to 5.....</b>	<b>151</b>
Point 1: Dental Examination	152
Point 2: The Temporomandibular Joint (TMJ)	156
<i>Checking the Opening of the Mouth</i>	157
Point 3: The Upper Neck	159
<i>Palpating the Upper Neck</i>	159
Point 4: The Midneck	161
<i>Palpating the Midneck</i>	161
Point 5: The Lower Neck	162
<i>Palpating the Lower Neck</i>	163
<i>Associated Stress Points of the Neck</i>	164
<i>Stretching the Neck</i>	164
<b>17. The Back: Points 6 to 12.....</b>	<b>167</b>
Point 6: The Withers	169
Point 7: The Rest of the Thoracic Spine	172
Point 8: The Rib Cage	174
Point 9: The Lumbar Spine	176
Point 10: The Sacrum	178
Point 11: The Tail	181
Point 12: The Hip	184
<i>Pelvis Misalignment</i>	184
<i>Pelvis Tilt</i>	184
<i>Unilateral and Bilateral Hip Misalignment</i>	185
<i>Stress Points</i>	186
Stretching the Back	190

<b>18. The Forelimb: Points 13 to 19 .....</b>	<b>191</b>
Leg Conformation	192
Point 13: The Shoulder Blade	193
<i>The Shoulder Girdle Muscles</i>	194
<i>The Scapular Muscles</i>	196
Point 14: The Point of Shoulder	197
Point 15: The Elbow	197
Point 16: The Knee Joint	199
Point 17: The Canon Bone, the Suspensory Ligament, and the Flexor Tendon	201
Point 18: The Fetlock	204
Point 19: The Pastern Bones and Hoof	206
The Hoof	208
<i>Stretching the Foreleg</i>	212
Associated Stress Points	213
<b>19. The Hind Limb: Points 20 to 25 .....</b>	<b>221</b>
Point 20: The Coxofemoral Joint	223
Point 21: The Stifle Joint	226
Point 22: The Hock Joint	228
Fetlock, Pastern, and Digit of the Hind Limb	230
Point 23: The Suspensory Ligament and the Flexor Tendon	231
Point 24: The Fetlock	232
Point 25: The Pastern Bones and Hoof	232
<i>Stretching the Hind Leg</i>	235
Associated Stress Points	235
<b>20. Recap from the PEP .....</b>	<b>242</b>
<b>Conclusion .....</b>	<b>245</b>
<b>Index.....</b>	<b>247</b>
