- Contributors
- Preface
- Acknowledgments
- Table of Contents
- Section 1 Veterinary Professional Activities
- Chapter 1 Leadership in a Time of Crisis
- Abstract
- Preparing Yourself to Lead Through a Crisis
- Principles of Leadership During a Crisis
- Prospects After a Crisis
- Conclusion
- Acknowledgments
- References
- Chapter 2 Promoting Diversity, Equity, and Inclusion in Zoo and Wildlife Veterinary Medicine
- Abstract
- Introduction
- Understanding the Lack of Diversity in Veterinary Medicine
- Hurdles to Veterinary Diversity
- Removing Hurdles and Investing in Potential Within Organizations
- Tangible and Actionable Steps That an Individual Veterinarian May Take
- Conclusion
- References
- Chapter 3 Building Partnerships Between Regional Veterinary and Zoo Associations
- Abstract
- Introduction
- Introducing the Two Organizations
- History of the Collaboration
- Ingredients of Success
- Where Now?—Looking Forward
- Conclusions
- References
- Chapter 4 AAZV Wild Animal Health Fund
- Abstract
- A Little History About Zoo Animal Medicine
- The Birth of the American Association of Zoo Veterinarians
- The Beginning of Funding Zoo and Wildlife Research

- The Founding of the Wild Animal Health Fund
- Research Grant Committee
- The Future
- References
- Chapter 5 Latin American Zoo Veterinarian Associations
- Abstract
- Introduction: History of Veterinary Associations in the World. Why Is It Important?
- ZOO AND WILDLIFE VETERINARY ASSOCIATIONS IN LATIN AMERICA
- Instituto Mexicano de Fauna Silvestre y Animales de Compañía (Mexican Institute of Wild and Companion Animals)
- Asociación Mexicana de Médicos Veterinarios Especializados en Animales de Zoológico, Exóticos y Silvestres (Mexican Association of Zoo, Exotic Pets, and Wildlife Veterinarians)
- ABRAVAS (Associação Brasileira de Veterinários de Animais Selvagens or Brazilian Association of Wild Animal Veterinarians)
- Asociación Latinoamericana de Veterinarios de Fauna Silvestre (Latin American Association of Wildlife Veterinarians)
- Latin American Veterinary Emergency and Critical Care Society
- Conclusions
- Acknowledgments
- References
- Chapter 6 Training Zoo and Wildlife Veterinarians in Southeast Asia
- Abstract
- Introduction
- Internships/Externships
- Continuing Professional Development and Lifelong Learning
- Conferences/Seminars/Specialization
- Conclusion/Future Implications
- References
- Chapter 7 Harnessing Standardized Data and Analytics to Advance Zoological Medicine
- Abstract
- Introduction
- Husbandry Resources in Zoological Information Management System
- Medical Resources in Zoological Information Management System

- Section 2 Conservation
- Chapter 8 Wildlife Regulations that Affect Veterinarians in the United States
- Abstract

- The North American Model
- Wildlife Conservation Oversight
- Animal Welfare and Research
- Use of Pharmaceuticals in Wildlife
- Conclusions
- References
- Chapter 9 Management of Diseases in Free-ranging Wildlife Populations
- Abstract
- Introduction
- Why Manage Diseases in Wild Populations?
- North American Wildlife Management Model
- Management Techniques and Prevention and Control Intervention Points
- Manipulation of the Environment
- Manipulation of the Host
- Immunization of the Host
- Manipulation of the Agent or Vector
- Modification of Human Behavior
- New Directions
- References
- Chapter 10 Remote Management of Veterinary Field Programs
- Abstract
- Importance of Field Conservation Programs Supported by Zoological Institutions
- How Veterinary Involvement in Field Programs Can Provide Value
- How to Determine Appropriate Veterinary Involvement in Field Programs
- Challenges Frequently Encountered With Conservation Programs
- Practical Tips for Successful Veterinary Involvement in Field Programs
- Opportunities and Benefits of Veterinary Involvement in Field Programs
- References
- Chapter 11 Gorilla Doctors: A One Health/Conservation Medicine Success Story
- Abstract
- Introduction and History
- Gorilla Health Care
- One Health/Conservation Medicine
- Conclusion and Future Work
- ACKNOWLEDGMENTS
- References
- Chapter 12 Rabies Control in the Developing World—The Ethiopia Model and How it Affects Wildlife
- Abstract
- Introduction to Ethiopia and Zoonotic Disease Context
- Rabies Burden in the World—The Global Perspective

- Epidemiology of Rabies in Ethiopian Wildlife
- Control of Rabies in Ethiopian Wildlife
- Rabies in Domestic Animals
- A Global One Health Effort
- Conclusion
