

TABLE OF CONTENTS

Preface

About the Editors

List of Contributors

1. Marine Bacterial Models for Experimental Biology

Raphael Lami, Regis Grimaud, Sophie Sanchez-Brosseau, Christophe Six, Francois Thomas, Nyree J West, Fabien Joux and Laurent Urios

2. Brown Algae: Ectocarpus and Saccharina as Experimental Models for Developmental Biology

Ioannis Theodorou and Benedicte Charrier

3. Unicellular Relatives of Animals

Aleksandra Kożyczkowska, Inaki Ruiz-Trillo and Elena Casacuberta

4. Porifera

Maja Adamska

5. The Homoscleromorph Sponge, *Oscarella lobularis*

Emmanuelle Renard, Caroline Rocher, Alexander Ereskovsky and Carole Borchiellini

6. Placozoa

Bernd Schierwater and Hans-Jurgen Osigus

7. *Nematostella vectensis* as a Model System

Layla Al-Shaer, Jamie Havrilak and Michael J. Layden

8. The Marine Jellyfish Model, *Clytia hemisphaerica*

Sophie Peron, Evelyn Houlston and Lucas Leclere

9. The Upside-Down Jellyfish *Cassiopea xamachana* as an Emerging Model System to Study Cnidarian–Algal Symbiosis

Monica Medina, Victoria Sharp, Aki Ohdera, Anthony Bellantuono, Justin Dalrymple, Edgar Gamero-Mora, Bailey Steinworth, Dietrich K. Hofmann, Mark Q. Martindale, Andre C. Morandini, Matthew DeGennaro and William K. Fitt

10. Acropora —The Most-Studied Coral Genus

Eldon E. Ball, David C. Hayward, Tom C.L. Bridge and David J. Miller

11. *Stylophora pistillata* —A Model Colonial Species in Basic and Applied Studies

Dor Shefy and Baruch Rinkevich

12. *Symsagittifera roscoffensis* as a Model in Biology

Pedro Martinez, Volker Hartenstein, Brenda Gavilán, Simon G. Sprecher and Xavier Bailly

13. The Annelid *Platynereis dumerilii* as an Experimental Model for Evo-Devo and Regeneration Studies

Quentin Schenkelaars and Eve Gazave

14. Cyclophora—An Emergent Model Organism for Life Cycle Studies

Peter Funch

15. Crustaceans

Nicolas Rabet

16. *Parhyale hawaiiensis*, Crustacea

John Rallis, Gentian Kapai and Anastasios Pavlopoulos

17. Echinoderms

Florian Pontheaux, Fernando Roch, Julia Morales and Patrick Cormier

18. Echinoderms: *Temnopleurus reevesii*

Shunsuke Yaguchi

19. Cephalochordates

Salvatore D’Aniello and Stéphanie Bertrand

20. Solitary Ascidiaceans

Gabriel Krasovec, Kilian Biasuz, Lisa M. Thomann and Jean-Philippe Chambon

21. *Botryllus schlosseri* —A Model Colonial Species in Basic and Applied Studies

Oshrat Ben-Hamo and Baruch Rinkevich

22. Cyclostomes (Lamprey and Hagfish)

Fumiaki Sugahara

23. Current Trends in Chondrichthyes Experimental Biology

Yasmine Lund-Ricard and Agnès Boutet

24. Anemonefishes

Marleen Klann, Manon Mercader, Pauline Salis, Mathieu Reynaud, Natacha Roux,
Vincent Laudet and Laurence Besseau

Index.
