

TABLE OF CONTENTS

Handbook of Wildlife Chemical Immobilization 5th Edition

Legalities of Drug Use
Records
Ordering and Storage
Labeling
Expiration Dates
Human Consumption of Drugged Animals

Drugs Used for Animal Capture

Drug Characteristics
Calculating Drug Doses
Drug Combinations
Neuromuscular Blocking Drugs
Tranquilizers/Sedatives
Phenothiazine Agonists
Butyrophenone Agonists
Benzodiazepine Agonists
Alpha-2 Adrenoceptor Agonists
Long-acting Tranquilizers
Immobilants
Cyclohexanes
Opioids
Alfaxalone
Propofol
Inhalation Anesthetics
Antagonists
Opioid
Alpha-2 adrenoceptor
Benzodiazepine
Adjuvants

Equipment Used for Animal Capture

Syringes and Needles
Pole Syringes
Remote Drug Delivery Systems
Blow Pipes
Dart Guns
Darts
Range Finders
Laser Sights
Dot Sights

Monitoring Equipment
Oxygen
Equipment and Supply Checklist
List of Manufacturers

Animal Capture: Putting It All Together

Capture-related Stress and Mortality
Rules of Animal Capture
Considerations Prior to Animal Immobilization
Preparation
Approach
Administration Sites
