- Dedication
- Contributors
- Reviewers
- Preface
- Acknowledgments
- List of Tables
- List of Illustrations
-
- **Part One: Diagnostic Imaging**
- Introduction
-
- **Section One: The Technical Side of Imaging**
- 1. The basics of atoms and electricity
- 2. Diagnostic X-ray production
- 3. Radiation safety and protection
-
- **Section Two: Film Processing and Digital Imaging**
- 4. Imaging on film
- 5. Producing the image
- 6. Optimizing the image
- Bibliography
- 7. Processing the image on film
- 8. Computerized radiography and digital imaging
- 9. Quality control, testing, and artifacts
-
- **Section Three: Specialized Imaging**
- 10. Ultrasonography
- 11. Fluoroscopy
- 12. Computerized tomography
- 13. Magnetic resonance imaging
- Bibliography
- 14. Nuclear medicine and introduction to positron emission tomography
-
- **Part Two: Radiographic Positioning and Related Anatomy**
- Introduction
- 15. Overview of positioning
- Bibliography
- 16. Small animal abdomen

- References
- Bibliography
- **17. Small animal thorax**
- References
- Bibliography
- **18. Small animal forelimb**
- References
- Bibliography
- **19. Small animal pelvis and pelvic limb**
- Pelvis
- Pelvic limb positions
- References
- Bibliography
- **20. Small animal vertebral column**
- References
- Bibliography
- **21. Small animal skull**
- References
- Bibliography
- **22. Dental imaging and radiography**
- Bibliography
- **23. Small animal special procedures**
- References
- Bibliography
- **24. Equine and large animal radiography**
- Special considerations
- Equine radiography
- Equine radiographic positioning
- Oblique views of the equine
- Ancillary and further views
- Pelvic limb ancillary views
- Other large-animal radiography
- References
- Bibliography
- **25. Avian and exotic radiography**
- Introduction
- Avian radiography
- Radiographic views
- Exotic companion mammals
- Reptiles
- Amphibians
- Fish
- References
- Bibliography
- **Appendix A:** Quick review of abdominal organs
- **Appendix B:** Quick overview of normal thoracic radiographic anatomy and further radiographic concerns
- **Appendix C**
- **Appendix D:** Avian and exotic anatomy and radiographic concerns

- **Appendix E:** Purchasing digital? Caveat emptor buyer beware
- Glossary
- Index.
