

TABLE OF CONTENTS – Locking Plates in Veterinary Orthopedics

List of Contributors

Foreword

Preface

Acknowledgments

Disclosures

1 A Brief History of Veterinary Locking Plates Applications 1

Karl C. Maritato

I Principles of Locking Plate Application 7

2 Pitfalls of Locking Plate Applications 9

Matthew D. Barnhart

3 The Biology of Locking Plate Applications 13

Noël M.M. Moens

4 Dynamic Compression vs. Locking Plating – Is One “Better”? A Review of Biomechanical Principles and in vitro Testing 25

Adam H. Biedrzycki

5 Minimally Invasive Plate Osteosynthesis 41

Philipp Schmierer and Antonio Pozzi

II Principles of Locking Plate Applications in Large Animals 51

6 Principles of Locking Plate Applications in Large Animals 53

Janik C. Gasiorowski

III Current Veterinary Locking Plate Instrumentation and Implants 69

7 The Advanced Locking Plate System (ALPS) 71

Tomás Guerrero

8 The Fixin Implant System 77

Kevin P. Benjamino and Massimo Petazzoni

9 The Liberty Lock System 83

Karl C. Maritato

10 The Polyaxial (PAX) Advanced Locking System 87
Matthew D. Barnhart

11 The String of Pearls (SOP) System 91
Malcolm G. Ness

12 The Synthes Locking Compression Plate (LCP) System 97
Jessica A. Dahlberg and Kenneth A. Bruecker

IV Trauma Applications: Clinical Case Examples 103

IV-A Appendicular Skeletal Fractures 103

13 Humerus Fractures 105
David R. Mason

14 Radius/Ulna Fractures 111
Laurent P. Guiot and Reunan P. Guillou

15 Femur Fractures 121
Ian Gordon Holsworth

16 Tibia Fractures 129
Kei Hayashi

IV-B Axial Skeletal Fractures 141

17 Pelvic Fractures 143
Shawn C. Kennedy

18 Maxillofacial and Mandibular Fractures 147
Boaz Arzi and Frank J.M. Verstraete

19 Spinal Fractures and Luxations 155
Bianca F. Hettlich

V Nontrauma Applications: Clinical Case Examples 165

V-A Corrective Osteotomies 165

20 Tibial Plateau Leveling Osteotomy for Cranial Cruciate Ligament Rupture 167
Mary Sarah Bergh

21 Double Pelvic Osteotomy for Hip Dysplasia 175
Matthew D. Barnhart

22 Distal Femoral Osteotomy for Patella Luxation 179
Ian Gordon Holsworth and Kirk L. Wendelburg

V-B Arthrodesis 191

23 Arthrodesis 193

Fred Pike

V-C Spinal Diseases 201

24 Atlantoaxial Subluxation 203

Karl C. Maritato

25 Caudocervical Spondylomyelopathy 209

Noel Fitzpatrick

26 Lumbosacral Stabilization 221

Noel Fitzpatrick

Index 233.
