

TABLE OF CONTENTS

- Acknowledgments

- Page vii

Preface

- Page 1

1. Pathology of stress

- Page 9

2. Viral diseases in terrestrial mammals

- Page 25

3. Viral diseases in marine mammals

- Page 29

4. Viral diseases in birds

- Page 53

5. Viral diseases in reptiles

- Page 63

6. Viral diseases in amphibians

- Page 65

7. Bacterial diseases in terrestrial mammals

- Page 105

8. Bacterial diseases in marine mammals

- Page 115

9. Bacterial diseases in birds

- Page 137

10. Bacterial diseases in reptiles

- Page 151

11. Bacterial diseases in amphibians

- Page 155

12. Mycotic and algal-associated diseases in terrestrial mammals

- Page 169

13. Mycotic and algal-associated diseases in marine mammals

- Page 173

14. Mycotic and algal-associated diseases in birds

- Page 183

15. Mycotic and algal-associated diseases in reptiles
 - Page 191
16. Mycotic and algal-associated diseases in amphibians
 - Page 197
17. Protozoal diseases in terrestrial mammals
 - Page 231
18. Protozoal diseases in marine mammals
 - Page 235
19. Protozoal diseases in birds
 - Page 261
20. Protozoal diseases in reptiles
 - Page 273
21. Protozoal diseases in amphibians
 - Page 277
22. Helminth diseases in terrestrial mammals
 - Page 313
23. Helminth diseases in marine mammals
 - Page 323
24. Helminth diseases in birds
 - Page 345
25. Helminth, annelid and pentastome diseases in reptiles
 - Page 363
26. Helminth, annelid and pentastome diseases in amphibians
 - Page 367
27. Arthropod and other ectoparasitic diseases in terrestrial mammals
 - Page 381
28. Arthropod and other ectoparasitic diseases in marine mammals
 - Page 385
29. Arthropod and other ectoparasitic diseases in birds
 - Page 391
30. Arthropod and other ectoparasitic diseases in reptiles
 - Page 393
31. Arthropod diseases in amphibians
 - Page 395

- 32. Diseases caused by exogenous toxins in terrestrial mammals
 - Page 407
- 33. Diseases caused by exogenous toxins in marine mammals
 - Page 411
- 34. Diseases caused by exogenous toxins in birds
 - Page 425
- 35. Diseases caused by exogenous toxins in reptiles
 - Page 427
- 36. Diseases caused by exogenous toxins in amphibians
 - Page 429
- 37. Neoplasia and related proliferations in terrestrial mammals
 - Page 457
- 38. Neoplasia and related proliferations in marine mammals
 - Page 461
- 39. Neoplasia and related proliferations in birds
 - Page 477
- 40. Neoplasia and related proliferations in reptiles
 - Page 487
- 41. Neoplasia in amphibians
 - Page 489
- 42. Congenital, genetic and possible inherited diseases
 - Page 495
- 43. Nutritional and metabolic diseases
 - Page 511
- 44. Diseases of physical exertion, trauma, predation and miscellaneous injury
 - Page 531
- 45. Diseases of uncertain or unknown aetiology
 - Page 564
- Appendix Common and scientific names of Australian native wildlife vertebrates
 - Page 583
- Index.
