- Chapter 8: The turkey industry and diseases. Richard Jennison.
- Chapter 9: The duck industry and diseases. Michael Clark.
- Chapter 10: Diseases of game birds. Michael Clark.
- Chapter 11: Hatchery practise. Richard Jennison.
- Chapter 12: Feeding poultry and potential problems associated with diet. Patrick Garland.
- Chapter 13: Skeletal problems. Barry Thorp.

Section 2: Infectious diseases of poultry

- Chapter 14i-ix: Bacterial Diseases
- Chapter 14i: Mycobacterium and avian tuberculosis. Paul Barrow.
- Chapter 14ii: Avian pathogenic Escherichia coli. Rikke Heidemann Olsen.
- Chapter 14iii: Campylobacter. Michael Jones and Paul Barrow.
- Chapter 14iv: Salmonella. Paul Barrow.
- Chapter 14v: Clostridium and necrotic enteritis. Evelien Dierick, Evy Goossens, Richard Ducatelle and Filip Van Immerseel.
- Chapter 14vi: Pasteurella and related organisms. Jens Peter Christensen.
- Chapter 14vii: Brachyspira – avian intestinal spirochaetosis. Roberto La Ragione and Jade Passey.
- Chapter 14viii: Mycoplasma. Janet M. Bradbury and Chris Morrow.
- Chapter 14ix: Miscellaneous bacterial infections. Paul Barrow and Robert Atterbury.
- Chapter 15i-xiv: Viral Diseases
- Chapter 15i: Avian reoviruses – viral arthritis. Richard C. Jones.
- Chapter 15ii: Infectious avian encephalomyelitis. Richard C. Jones.
- Chapter 15iii: Adenoviruses. Joan A. Smyth.
- Chapter 15iv: Infectious laryngotracheitis. Richard C. Jones.
- Chapter 15v: Infectious bursal disease. Andrew Broadbent.
- Chapter 15vi: Avian astroviruses. Victoria Smyth.
- Chapter 15vii: Avian influenza. Ian H. Brown.
- Chapter 15viii: Newcastle Disease. Ian H. Brown.

Chapter 15ix: Avian metapneumovirus infection. Kannan Ganapathy.
Chapter 15x: Infectious bronchitis. Jane K. A. Cook.
Chapter 15xi: Chicken anaemia virus and circoviruses. Joan A. Smyth.
Chapter 15xii: Avian leukosis and reticuloendotheliosis. Venugopal Nair.
Chapter 15xiii: Marek's Diseases. Venugopal Nair.
Chapter 15xiv: Fowlpox. Richard Jones.
Chapter 16i-iii: Parasite diseases
Chapter 16i: Coccidiosis. Damer Blake.
Chapter 16ii: Histomoniasis (blackhead disease). Hafez Mohamed Hafez and Rüdiger Hauck.
Chapter 16iii: Other important parasites. Fiona Tomley.

Section 3: Control of poultry diseases

Chapter 17: The chicken microbiota and how to modulate it. Fien De Meyer, Annatachja De Grande, Richard Ducatelle and Filip Van Immerseel.
Chapter 18: Biosecurity, Richard Jennison.
Chapter 19: Poultry chemotherapy and antimicrobials. Michael Clark.
Chapter 20: Vaccination strategies and application of vaccines. Peter Cargill.
Chapter 21: How to carry out a field investigation. Paul McMullin.
Chapter 22: Laboratory diagnosis of poultry diseases. Susan Baigent, Vivien Coward, Scott Reid, Rowena Hansen, Vanessa Ceeraz and Paul Barrow.
Chapter 23: Legislation. Richard Jennison and Paul Barrow.
