

TABLE OF CONTENTS

The Cattle Health Handbook: Preventive Care, Disease Treatments and Emergency Procedures

Preface
Acknowledgments
Introduction

PART I: Health Management

1. Preventive Care
Disease Resistance and Immunity
Prevention Practices
Minimizing Stress
2. Treatment Fundamentals
Detecting Signs of Illness
Treating Sick Animals
Giving Injections Oral Medications and Fluid Therapy
Oral Medications and Fluid Therapy
Restraints
3. Seasonal Health
Hot-Weather Problems
Cold-Weather Problems

PART II: Common Diseases

4. Bacterial Diseases
Brucellosis
Leptospirosis
Campylobacteriosis
Anthrax
Clostridial Diseases
E. Coli
Navel Ill and Joint Ill
Salmonella
Tuberculosis
Johne's Disease
Listeriosis
Thromboembolic Meningoencephalitis (TEME)
5. Viral Diseases
Infectious Bovine Rhinotracheitis (IBR)
Parainfluenza 3 (PI3)
Bovine Respiratory Syncytial Virus (BRSV)
Bovine Viral Diarrhea (BVD)
Bluetongue
Bovine Leukemia

Rabies
Viral Diarrhea in Calves
6. Protozoal Diseases
Coccidiosis
Cryptosporidiosis
Sarcocystosis
Neosporosis
Trichomoniasis
7. Parasites
Internal Parasites
External Parasites

PART III: Body System Disorders

8. Digestive Problems
Normal Digestion
Acidosis
Bloat
Impaction
Hardware Disease
Digestive Tract Blockage
Ulcers
Choking
Calf Scours
Use of Probiotics
9. Eye Problems
Eye Injuries
Pinkeye
Foreign Material in Eye
Cancer Eye
10. Skin Problems
Hair Loss and Bald Spots
Photosensitization
Allergies
Warts
Ringworm
Sunburn
11. Respiratory Problems
Upper Respiratory Challenges
Pneumonia
Shipping Fever
Emphysema
12. Foot Problems
Foot Rot
Heel Warts
Sole Abscesses
Puncture Wounds
Laminitis
Stress Can Cause Foot Problems
Hoof Cracks
Fescue Foot
Preventing Foot Problems
13. Mouth Problems

Lump Jaw
Bony Lump Jaw
Wooden Tongue
Mouth and Throat Lesions
Tooth Loss
Choking
14. Metabolic Problems
Milk Fever
Grass Tetany
Phosphorus Deficiency
Ketosis
Brisket Disease
15. Udder Problems
Teat Injuries
Chapped Teats Winter Teat-End Lesions Frostbite
Mastitis
Udder Edema
Pseudocowpox
Teat Warts

PART IV: Other Ailments, Accidents, and Injuries

16. Mineral and Nutritional Problems
Selenium-Related Illness
Copper Deficiency
Iodine Deficiency
Calcium Deficiency
Phosphorus Deficiency
Vitamin A Deficiency
Thiamine Deficiency
Importance of Salt
Urinary Stones
Water Requirements of Cattle
17. Poisoning
Poisonous Plants
Weeds in Harvested Hay
Blister Beetles
Hydrocyanic Acid
Nitrates.
