

# TABLE OF CONTENTS

## **Introduction to Histological Techniques**

*Anna Pecio and Rafal P. Piprek*

## **Integument**

*Frank Kirschbaum and Shaun P. Collin*

## **Fish Skeletal Tissues**

*François J. Meunier*

## **Muscular System**

*Wincenty Kilarski*

## **Structure and Function of Electric Organs**

*Frank Kirschbaum*

## **Digestive System**

*Ostaszewska Teresa and Kamaszewski Maciej*

## **Glands of the Digestive Tract**

*Bogdana Wilczyńska and Katarzyna Wolczuk*

## **Swim Bladder**

*Ostaszewska Teresa and Kamaszewski Maciej*

## **Kidney**

*Frank Kirschbaum*

## **Ovaries and Eggs**

*Mari Carmen Uribe, Harry J. Grier and Arlette Amalia Hernández Franyutti*

## **Egg Envelopes**

*Krzysztof Formicki and Agata Korzelecka-Orkisz*

## **Testis Structure, Spermatogenesis, and Spermatozoa in Teleost Fishes**

*Anna Pecio*

## **Cardiovascular System and Blood**

*José M. Icardo*

## **Immune System of Fish**

*Teresa Wlasow and Małgorzata Jankun*

## **Gills: Respiration and Ionic-Osmoregulation**

*Marisa Narciso Fernandes*

## **Sensory Organs**

*Jacqueline F. Webb, Shaun P. Collin, Michał Kuciel, Tanja Schulz-Mirbach, Krystyna Żuwała, Jean-Pierre Denizot and Frank Kirschbaum*

## **Morphology and Ecomorphology of the Fish Brain: The Rhombencephalon of Actinopterygians**

*Anastasia S. Kharlamova and Sergei V. Saveliev*

## **Endocrine System**

*Werner Kloas and Frank Kirschbaum.*
