

# **Table of contents**

Preface: Why maximizing your biopsy results is important vii

Acknowledgments ix

Steps of a Successful Biopsy Submission 1

## **1 Collection 1**

i Site 1

ii Size 1

iii Number 13

iv Fixation 16

v Labeling and packaging 21

## **2 Submission form 23**

i Signalment and clinical history 24

ii Lesion description 25

iii Differential diagnosis and specific questions 25

## **3 Clinicopathologic correlation 25**

Organ System Specific Guidelines 27

1 Skin 27

2 Mammary 32

3 Oral 34

## **4 Gastrointestinal tract 35**

**5 Liver 38**

**6 Pancreas 39**

**7 Spleen 40**

**8 Lymph nodes 42**

**9 Bone 43**

**10 Digits 46**

**11 Eyes 47**

**12 Urinary 47**

i Kidney 47

ii Bladder and urethra 49

**13 Respiratory 51**

i Nasal 51

ii Lung 52

**14 Reproductive 52**

i Female 52

ii Male 54

**15 Endocrine 54**

i Thyroid 54

ii Adrenal gland 55

iii Parathyroid gland 55

**16 Central nervous system 55**

**17 Skeletal muscle 56**

**18 Miscellaneous 58**

i Anal sacs 58

ii Synovium 58

Biopsy Submission Check List 59

List of Biopsy Dos and Don'ts 61
