

## **TABLE OF CONTENTS**

1. Approach to the Critically Ill Cat
2. Cardiopulmonary resuscitation (CPR)
3. Shock
4. Trauma
5. Anesthesia for Critically Ill Feline Patient
6. Anesthetic Protocols For Systemically Healthy Cats
7. Analgesia in the Critically Ill Cat
8. Fluid Therapy
9. Nutritional Support for the Critically Ill Feline Patient
10. Respiratory Emergencies and Pleural Space Disease
11. Upper Airway Disease
12. Lower Airway Disease
13. Parenchymal Disease
14. Approach to Diagnosis and Treatment of Feline Cardiac Emergencies
15. Management of Specific Cardiac Diseases
16. Management of Thromboembolic Disease Secondary to Heart Failure
17. Arrhythmias
18. General Approach to the Acute Abdomen
19. Diagnostic Evaluation of Gastrointestinal Conditions
20. Management of Specific Gastrointestinal Conditions
21. Urologic Emergencies – General Approach: Diagnostic Evaluation, Monitoring, and Therapeutic Techniques for the Urological System
22. Urologic Emergencies: Ureters, Bladder, Urethra, GN, and CKD
23. Acute Kidney Injury
24. General Approach and Overview of the Neurologic Cat
25. Neurologic Emergencies: Brain
26. Neurologic Emergencies: Spinal Cord

27. Neurologic Emergencies: Peripheral
28. Hematologic Emergencies: Bleeding
29. Hematologic Emergencies: Anemia
30. Management of Specific Endocrine and Metabolic Diseases: Diabetes Mellitus
31. Management of Specific Endocrine and Metabolic Disease: Other
32. Electrolyte Disorders
33. Reproductive Emergencies
34. Pediatric Emergencies
35. Feline Geriatric Emergencies
36. Ocular Emergencies
37. Dermatologic Emergencies
38. Toxicological Emergencies
39. Environmental Emergencies
40. Common Technical Procedures in the ER
41. Creating a minimal stress emergency environment
  
42. Surgical Section
  - 42.1 Emergency Gastrointestinal Surgery
  - 42.2 Emergency Urinary Surgery
  - 42.3 Emergency Hepatobiliary Surgery
  - 42.4 Emergency Reproductive Surgery
  - 42.5 Emergency Traumatic and Reconstructive Surgery
  - 42.6 Emergency Ophthalmic Surgery
- 42 Surgical Section  
Maureen A. Griffin and William T. N. Culp
  - 42.1 Emergency Gastrointestinal Surgery 551
  - 42.2 Emergency Urinary Surgery 560
  - 42.3 Emergency Hepatobiliary Surgery 570
  - 42.4 Emergency Reproductive Surgery 576

42.5 Emergency Traumatic and Reconstructive Surgery 582

42.6 Emergency Ophthalmic Surgery 591
