

TABLE OF CONTENTS

Antimicrobial Therapy in Veterinary Medicine 6th Edition

Contributors

Preface

Acknowledgments

Important Notice

List of Abbreviations

Section I General Principles of Antimicrobial Therapy 1

1 Antimicrobial Drug Action and Interaction: An Introduction 3
John F. Prescott

2 Antimicrobial Susceptibility Testing Methods and Interpretation of Results 13
Joseph E. Rubin and Peter Damborg

3 Antimicrobial Resistance and Its Epidemiology 29
Marisa Haenni and Patrick Boerlin

4 Pharmacokinetics of Antimicrobials 51
Patricia M. Dowling

5 Pharmacodynamics of Antimicrobials 81
Andrew P. Woodward and Ted Whittem Copyrighted Material

6 Principles of Antimicrobial Drug Selection and Use 109
J. Scott Weese and Patricia M. Dowling

Section II Classes of Antimicrobial Agents 119

7 Beta-lactam Antibiotics: Penam Penicillins 121
Laura Y. Hardefeldt and John F. Prescott

8 Beta-lactam Antibiotics: Cephalosporins 143
Laura Y. Hardefeldt and John F. Prescott

9 Other Beta-lactam Antibiotics: Beta-lactamase Inhibitors, Carbapenems, and Monobactams 169
John F. Prescott and Laura Y. Hardefeldt

10 Peptide Antibiotics: Polymyxins, Glycopeptides, Bacitracin, and Fosfomycin 187
Patricia M. Dowling

11 Lincosamides, Pleuromutilins, and Streptogramins 203
Grazieli Maboni and Leticia Trevisan Gressler

- 12 Macrolides, Azalides, and Ketolides 223
John F. Prescott and Keith E. Baptiste
- 13 Aminoglycosides and Aminocyclitols 249
Patricia M. Dowling
- 14 Tetracyclines 273
Ronan J. J. Chapuis and Joe S. Smith
- 15 Chloramphenicol, Thiamphenicol, and Florfenicol 291
Patricia M. Dowling and Hélène Lardé
- 16 Sulfonamides, Diaminopyrimidines, and Their Combinations 305
Jennifer M. Reinhart and John F. Prescott
- 17 Fluoroquinolones 325
Patricia M. Dowling
- 18 Miscellaneous Antimicrobials: Ionophores, Nitrofurans, Nitroimidazoles, Rifamycins, and Others **345**
Patricia M. Dowling and Keith E. Baptiste
- 19 Antifungal Chemotherapy 371
Keith E. Baptiste

Section III Antimicrobial Stewardship 401

- 20 General Concepts in Antimicrobial Stewardship 403
Laura Y. Hardefeldt, J. Scott Weese, and Stephen W. Page
- 21 Global Aspects of One Health Antimicrobial Stewardship 425
Jeffrey T. LeJeune, Mark E. Caudell, Suzanne N. Eckford, and Stephen W. Page
- 22 Antimicrobial Stewardship in Companion Animals 445
Peter Damborg, J. Scott Weese, and John F. Prescott
- 23 Antimicrobial Stewardship in Food-producing Animals 459
David C. Speksnijder, Stephen W. Page, Jaap A. Wagenaar, and John F. Prescott
- 24 Antimicrobial Prophylaxis, Metaphylaxis, and the Treatment of Immunocompromised Patients 487
Diego E. Gomez and J. Scott Weese
- 25 Regulation of Antimicrobial Use in Animals 513
Alan Chicoine and Keith E. Baptiste
- 26 Antimicrobial Drug Residues in Foods of Animal Origin 527
Joe S. Smith and Patricia M. Dowling

Section IV Antimicrobial Therapy in Selected Animal Species 545

- 27 Antimicrobial Drug Use in Horses 547
Keith E. Baptiste

- 28 Antimicrobial Therapy in Dogs and Cats 577
Jane E. Sykes and Peter Damborg
- 29 Antimicrobial Therapy in Beef Cattle 611
Michael D. Apley, Brian V. Lubbers, and Nora D. Schrag
- 30 Antimicrobial Therapy in Dairy Cattle 635
Sarah Wagner and Sarah Depenbrock
- 31 Antimicrobial Therapy in Sheep and Goats 655
Joe S. Smith and Amanda J. Kreuder
- 32 Antimicrobial Therapy in New World Camelids 671
Joe S. Smith
- 33 Antimicrobial Therapy in Swine 685
Ken Steen Pedersen
- 34 Antimicrobial Therapy in Poultry 697
Jenny A. Nicholds, David French, Daniel Parker, and Peter O'Kane
- 35 Antimicrobial Therapy in Companion Birds 721
Marike Visser
- 36 Antimicrobial Therapy in Rabbits, Rodents, and Ferrets 735
Colette L. Wheler and Patricia M. Dowling
- 37 Antimicrobial Therapy in Reptiles 767
J. Scott Weese
- 38 Antimicrobial Therapy in Zoo and Wildlife Species 791
Ellen Wiedner and Robert P. Hunter
- 39 Antimicrobial Therapy in Aquaculture 803
Patrick Whittaker, Timothy S. Kniffen, and Simon Otto
- 40 Antimicrobial Therapy in Honey Bees 819
Elemir Simko, Sarah Wood, and Ivanna V. Kozii
- Index 831.
