|--|-------------|
| Contents | iii |
| List of contributors | vi |
| Foreword | viii |
| Preface | ix |
| Part 1: Introduction to endocrine disease | |
| 1 Principles of endocrine disease <i>Hans S. Kooistra</i> | 1 |
| 2 The genetics of endocrine disease <i>Lucy Davison</i> | 6 |
| 3 Hormone assays, quality control and sample collection <i>Peter A. Graham</i> | 13 |
| 4 Principles of interpreting endocrine test results <i>Peter A. Graham</i> | 22 |
| Part 2: Systemic effects of endocrine disease | |
| 5 The effect of endocrine disease on the cardiovascular system <i>Luca Ferasin</i> | 29 |
| 6 The effect of endocrine disease on the renal system <i>Tim Williams</i> | 37 |
| 7 The effect of endocrine disease on lipid metabolism <i>Panagiotis G. Xenoulis</i> | 44 |
| 8 The effect of endocrine disease on the skin <i>Rosario Cerundolo</i> | 54 |
| Part 3: Disorders of water homeostasis | |
| 9 Control of water balance and investigation of polyuria and polydipsia <i>Robert E. Shiel</i> | 62 |
| 10 Central diabetes insipidus <i>Robert E. Shiel</i> | 71 |
| 11 The syndrome of inappropriate antidiuresis <i>Robert E. Shiel</i> | 79 |
| Part 4: Disorders of growth hormone | |
| 12 Pituitary dwarfism <i>Annemarie M.W.Y. Voorbij and Hans S. Kooistra</i> | 82 |
| 13 Hypersomatotropism <i>Stijn Niessen</i> | 89 |

Part 5: Disorders of calcium homeostasis

- 14** **Control of calcium metabolism and investigation of hypo- and hypercalcaemia** 97
Barbara J. Skelly
- 15** **Hypoparathyroidism** 108
Barbara J. Skelly
- 16** **Hyperparathyroidism** 114
Barbara J. Skelly
- 17** **Disorders of vitamin D metabolism** 122
Richard Mellanby

Part 6: Disorders of the thyroid gland

- 18** **Canine hypothyroidism** 128
Carmel T. Mooney
- 19** **Feline hyperthyroidism** 151
Carmel T. Mooney and Mark E. Peterson
- 20** **Canine hyperthyroidism and thyroid neoplasia** 169
Miguel Campos
- 21** **Feline hypothyroidism** 177
Sylvie Daminet and Mark E. Peterson

Part 7: Disorders of glucose homeostasis

- 22** **Control of glucose homeostasis and investigation of hypo- and hyperglycaemia** 185
Johan P. Schoeman
- 23** **Canine diabetes mellitus** 193
Lucy Davison
- 24** **Feline diabetes mellitus** 209
Jacque Rand and Susan Gottlieb
- 25** **Investigation and management of unstable diabetics** 227
Federico Fracassi
- 26** **Diabetic ketoacidosis and hyperglycaemic hyperosmolar syndrome** 243
Amanda K. Boag
- 27** **Insulinoma** 252
Johan P. Schoeman

Part 8: Disorders of the adrenal gland

- 28** **Canine hypoadrenocorticism** 258
Alisdair Boag
- 29** **Canine hypercortisolism** 271
Ian K. Ramsey and Michael E. Herrtage

| | | |
|---|---|------------|
| 30 | Feline hypercortisolism | 295 |
| | <i>Ellen Behrend and Brett Wasik</i> | |
| 31 | Feline hypoadrenocorticism | 303 |
| | <i>Samuel Fowlie and Ian K. Ramsey</i> | |
| 32 | Feline hyperaldosteronism | 309 |
| | <i>Ghita Benchekroun</i> | |
| 33 | Phaeochromocytoma | 318 |
| | <i>Sara Galac</i> | |
| 34 | The incidentally discovered adrenal mass | 325 |
| | <i>Carlos Melián and Laura Pérez-López</i> | |
| Part 9: Unusual endocrine gland diseases | | |
| 35 | Concurrent endocrine neoplasia | 331 |
| | <i>Sara Galac</i> | |
| 36 | Autoimmune polyendocrine syndromes | 336 |
| | <i>Kevin Murtagh</i> | |
| 37 | Erythropoietin excess | 340 |
| | <i>Eilidh Gunn</i> | |
| 38 | Gastrointestinal tumours | 346 |
| | <i>Patty Lathan</i> | |
| | Index | 350 |
