

TABLE OF CONTENTS

Insect Physiology and Biochemistry, 4th Edition

Chapter 1 Embryogenesis

Chapter 2 Digestion

Chapter 3 Nutrition

Chapter 4 Integument and Molting

Chapter 5 Hormones and Development

Chapter 6 Biological Rhythms

Chapter 7 Diapause

Chapter 8 Intermediary Metabolism

Chapter 9 The Nervous System: Anatomy and Physiology

New! Chapter 10 The Nervous System: Selected Roles in Behavior

Chapter 11 Muscles Physiology and Kinematics

Chapter 12 Insect Flight

Chapter 13 Sensory Systems

Chapter 14 Vision

Chapter 15 Circulatory System

Chapter 16 Immunity

Chapter 17 Respiration

Chapter 18 Excretion

Chapter 19 Semiochemicals

Chapter 20 Reproduction

Chapter 21 Insect Symbioses

New! Chapter 22 Global Climate Change: Present and Future Impact on Insects

New! Chapter 23 The Genomics Revolution in Entomology.
