List of contributors	xi
Foreword by Professor Anne Rasa	xvii
Reviewing Process and Acknowledgements	xxi

Part I Introduction 1

- 1 The World's Small Carnivores: Definitions, Richness, Distribution, Conservation Status, Ecological Roles, and Research Efforts 3
Emmanuel Do Linh San, Jun J. Sato, Jerrold L. Belant, and Michael J. Somers

Part II Evolution, Systematics, and Distribution 39

- 2 Molecular Systematics of the Caniform Carnivora and its Implications for Conservation 41
Jun J. Sato and Mieczysław Wolsan
- 3 Systematics and Evolution of the Mongooses (Herpestidae, Carnivora) 61
Géraldine Veron, Marie-Lilith Patou, and Andrew P. Jennings
- 4 Late Quaternary Biogeography of Small Carnivores in Europe 79
Robert S. Sommer and Jennifer J. Crees
- 5 Ecomorphological Disparity of Small Carnivore Guilds 93
Carlo Meloro
- 6 Beyond Black and White: Addressing Colour Variation in the Context of Local Environmental Conditions for the Aposematic North American Hog-nosed Skunk 107
Adam W. Ferguson, Richard E. Strauss, and Robert C. Dowler

Part III Ecology, Behaviour, and Diseases 131**7 The Function of Carnivore Latrines: Review, Case Studies, and a Research Framework for Hypothesis Testing 133***Christina D. Buesching and Neil R. Jordan***8 Factors Affecting European Badger Movement Lengths and Propensity: Evidence of Density-Dependent Effects? 173***Andrew W. Byrne, James O’Keeffe, and S. Wayne Martin***9 Behavioural Adaptations of Molina’s Hog-Nosed Skunk to the Conversion of Natural Grasslands into Croplands in the Argentine Pampas 195***Diego F. Castillo and Mauro Lucherini***10 Activity and Movement Patterns of Urban Stone Martens 215***Jan Herr and Timothy J. Roper***11 A 9-Year Demographic and Health Survey of a European Mink Population in Navarre (Spain): Role of the Canine Distemper Virus 231***Christine Fournier-Chambrillon, Juan-Carlos Ceña, Fermin Urra-Maya, Marco van de Bildt, M. Carmen Ferreras, Gloria Giralda-Carrera, Thijs Kuiken, Laëtitia Buisson, Francisco Palomares, and Pascal Fournier***12 Density of African Civets in a Moist Mountain Bushveld Region of South Africa 249***Lisa Isaacs, Michael J. Somers, and Lourens H. Swanepoel***Part IV Interspecific Interactions and Community Ecology 259****13 Spatio-Temporal Overlap Between a Native and an Exotic Carnivore in Madagascar: Evidence of Spatial Exclusion 261***Zach J. Farris, Brian D. Gerber, Sarah Karpanty, Felix Ratelolahy, Vonjy Andrianjakarivelo, and Marcella J. Kelly***14 Colonization of Agricultural Landscapes by the Pine Marten: Influence of Habitat Constraints and Interspecific Competition 275***Luigi Remonti, Aritz Ruiz-González, and Alessandro Balestrieri***15 Spatial and Temporal Resource Partitioning of Small Carnivores in the African Rainforest: Implications for Conservation and Management 293***Yoshihiro Nakashima, Yuji Iwata, Chieko Ando, Chimene Nze-Nkogue, Eiji Inoue, Etienne François Akomo-Okoue, Pierre Philippe Mbehang Nguema, Thierry Diop Bineni, Ludovic Ngok Banak, Yuji Takenoshita, Alfred Ngomanda, and Juichi Yamagiwa***16 Ecological Separation and Coexistence in a Carnivore Community in North-Central Thailand 309***Aaron M. Haines, Lon I. Grassman, Jr, and Michael E. Tewes***17 Interactions Between Honey Badgers and Other Predators in the Southern Kalahari: Intraguild Predation and Facilitation 323***Colleen M. Begg, Keith S. Begg, Emmanuel Do Linh San, Johan T. du Toit, and Michael G.L. Mills*

18	Seed Dispersal by Mesocarnivores: Importance and Functional Uniqueness in a Changing World	347
	<i>Yoshihiro Nakashima and Emmanuel Do Linh San</i>	
19	Ecology and Conservation of Southeast Asian Civets (Viverridae) and Mongooses (Herpestidae)	393
	<i>Andrew P. Jennings and Géraldine Veron</i>	
	Part V Interactions with People and Conservation	429
20	Small Carnivore Introductions: Ecological and Biological Correlates of Success	431
	<i>Mariela G. Gantchoff, Nathan S. Libal, and Jerrold L. Belant</i>	
21	Global Review of the Effects of Small Carnivores on Threatened Species	471
	<i>Michael V. Cove and Allan F. O'Connell</i>	
22	The Global Consumptive Use of Small Carnivores: Social, Cultural, Religious, Economic, and Subsistence Trends from Prehistoric to Modern Times	489
	<i>Tim L. Hiller and Stephen M. Vantassel</i>	
23	Conservation Status of the North American River Otter in the United States and Canada: Assessing Management Practices and Public Perceptions of the Species	509
	<i>Emily A. Bricker, Thomas L. Serfass, Zoe L. Hanley, Sadie S. Stevens, Kelly J. Pearce, and Jennifer A. Bohrman</i>	
	Part VI Appendices: The World's Small Carnivores	537
	Appendix A: Species List and Selected Attributes	539
	Appendix B: Contentious Taxonomic Cases	559
	Index	581
